ASPINWALL'S ASHES,
DETAILED ACCOUNT OF THE REBEL
RISE AND FATAL FALL.

In Central America—The Sacked City;
Misery and Woe on Every Hand—Ameri-
cas Bound for the Rescue—Troops
Depart—Relief Asked.

NEW YORK, April 4.—The Pacific mail steamship Acapulco has arrived here. She left Aspinwall on March 24 while the rebels were in quiet possession of the town. After her passage she was sent to the steamer China Tung Yu, who had just put up in a hotel at Panama during the ride there. Dr. D. Emory, of 234 West Fifty-eighth street, also a passenger, said:

"I went to Aspinwall on the Acapulco on her last trip from New York. We found the town in the hands of the rebels. I saw that Americans were safe and so I left the ship for an evening stroll. I saw the natives walking languidly about, each carrying a musket. They are most insignificant looking men. I asked one if he had been in the fifteen-day-long siege. As I walked along I looked up at some of the curious structures I suddenly heard the click of several rifles. I then heard the crack of several rifles and found myself looking into the barrels of half dozen muskets which some of the rebels had pointed at me. Just as I was about to say something a gruff voice called out in English:

"Who are you?"

"I am Preston," I said, "and I am a passenger on the Acapulco."

"I am Preston," said the man more politely than I expected. "You had better return to your ship. I can not语音 for your safety on the streets."

I returned to the ship and remained there during my stay in town. The hotels were wretched. They were dirty and high-priced.

They charged from \$4 to \$5 a day, and one had to scrub for what he got. Aspinwall is the chief port of entry for Central America and has been 15,000 people there, and a refuse was thrown into the street. I think it was a blessing that it was burned. The rebels had a sharp gain on the conservative party. They had been in Panama in March they began their attack on Panama under the command of Alzame, and all the forces at Aspinwall were sent there. Then Preston took Aspinwall with a force of nearly 10,000 New York policemen to defend the city.

The rebels had a large number of men, who had one-third of what they were worth under penalty of imprisonment, and thus obtained large sums of money. They needed ammunition badly, and suggested that the rebels should be given a loan of \$10,000 people are almost without a home and with a meagre supply of food, except what is on the ships, supplies are at a standstill.

The cause of the Acapulco expressed the opinion that 300 United States marines can wipe out the whole country. Preston, rebel commander, is a lawyer who has the reputation of being a despot. He recently killed three men in Aspinwall, one of them a woman, and she was a widow.

THE DAILY BULLETIN.

SATURDAY, APRIL 4, 1885.

CHARLES W. BUCK has been confirmed as Minister to Peru.

The report that Mrs. Garfield is to be married soon is denied by authority.

PRESIDENT CLEVELAND has withdrawn the nomination of General A. R. Lawton, named for the Mission.

If it was designed to erect the Bartholdi statue at Cincinnati, the money needed for the pedestal would be raised in twenty-four hours.

A Nashville compilation indicates that probably 25 per cent. of the wheat crop of Tennessee has been ploughed up. If this is correct, the total damage to the crop is probably 35 per cent.

SENATOR EVERTS, in an argument on the repudiated bonds of Virginia, denounced as rogues, swindlers and ruffians the political associates of his brother Senators, Riddleberger and Mahone.

The two bands of desperadoes are still confronting each other in Rowan county, and have exchanged several fusillades, but up this time no one has been killed. The town of Morehead has been depleted of its reputable citizens, leaving the place in the possession of the factious elements. The telegraph operator has been compelled to flee and is now at Mt. Sterling, hence communication by that means has been cut off. The authorities have telegraphed to Gov. Knott for to suppress the lawlessness, and three companies of the State Guards have been ordered out and will go to Rowan county immediately. The companies from Lexington, Mt. Sterling and Richmond have been selected for the duty.

The Senate adjourned finally on Friday without confirming the President's appointments of Lewis McMullen, of New York, to be Appraiser of the Port of New York; W. W. Lang, of Texas, United States Consul at Hamburg; C. T. Russell, of Connecticut, United States Consul at Liverpool; A. H. Gross, of Pennsylvania, United States Consul at Athens; E. P. Howell, of Georgia, United States Consul at Manchester; Henry P. Kornochan, of Louisiana, Naval Officer at New Orleans; James O. Henderson, Collector Internal Revenue for the Eleventh District of Indiana; John T. McGraw, Collector of Internal Revenue, District of West Virginia. It is stated that it is the intention of Mr. Cleveland to reappoint some of these officers and to make general changes in the Internal Revenue service and among officials acting under the Department of Justice, more especially United States District Attorneys. Postmasters of the first-class and United States Marshals whose tenure is fixed by law at four years will be allowed to serve out the full term unless upon charges being made against them. The Assistant Treasurers of the United States in all the large cities will probably be changed at an early day.

Beecher on Evolution.

Editor Bulletin: The undersigned heard Mr. Beecher's lecture at Paris and furnishes the following brief synopsis: He said, "I am a clergyman, I have six brothers who are ministers. My sister, Harriet, is a teacher, she is next to it, and my father was a clergyman, we are preachers to the human mind." His subject is a prolific one. The Bible is true, but not all inspired. Most of the Old Testament is Jewish history and most of the New is Christian. He told many reporters and tell them to write this, that and the other. No one would be so ignorant as to claim inspiration for polygamy, for he begat and we begat polygamy, for they begat and we begat polygamy, and they begat, &c. The story of man's creation is a very good one, though not a beautiful legend and nothing more. The six days of creation meant six periods of about six million years or thereabouts. Geology establishes that fact now. Man's origin is a mystery, so much so that even Darwinists were at first unable to understand. They make the world a race of hogs. True prayer is going up to communing with God. All ignorant prayer was like so many fighting to see who should climb the ladder highest. Long live evolution! Give me evolution, give me evolution. The atom was a dogma he did not believe in. Sin he admitted was the transgression of the divine law. Children could not transgress that law, therefore could not sin, and depravity was a myth and hell in the past. The doctrine of depravity is Augustinian, infernal and smelt of the devil!" Here the speaker grew fiery and eloquent and roared like a bellowing bull. "Christ," he said, "came down to earth to tell the poor to follow him to the many mansions of heaven. He came as an expert."

No one will doubt Mr. Beecher's learning and brain power, but if Colonel Ingerson, Thomas Payne and Voltaire had been here, they would have tossed up their hats and shouted, "Hurrah! this is our meeting!" The crowd was large and the subject of "Evolution" was handled by a giant intellect, but in the opinion of your reporter the tendency of the audience was to the middle-ground. "Man," he said, "had descended from the lower order of animals, such as the monkey. He was not anxious about his ancestor, so that he descended far enough away from the apes."

It is a pity that after this giant has for forty years preached so grandly the truths of the gospel, in his old age, in "the yellow and dear leaf," should make such an awful evolution. VOX.

THE DAILY BULLETIN.

SATURDAY, APRIL 4, 1885.

BOSSER & McCARTHY,
Publishers and Proprietors,
To WHOM ADDRESS ALL COMMUNICATIONS

To-Day's Advertisements.

M. F. Marsh—Real estate for sale.
Open house—“The Woman’s Heart.”
John Wheeler—Oysters, fish, fruit, etc.
Victor & Lee—Spring opening.
Mammoth Rink—Auction.

CLEAR yourself from trace of chalk,
Stop short off the “sketching.”
To-morrow don your Sunday clothes
And trot yourself to meeting.

Light snow last night.

The Mammoth Rink was crowded
again last night.

The primary election to-day is passing
off very quietly. A light vote will be
polled.

The funny part of Prof. Jones' exhibition
will take place at the Mammoth
Rink to-night.

The weather prophets are already
predicting a warm summer. Their
predictions will, no doubt, become true, as
we never had a cool one.

There will be an egg breaking concert
in the M. E. Church, Murphysville, the
latter part of April, to buy a new organ
and church bell. The cause is a worthy
one. Give it a lift.

This advertisement of Mr. McCormick,
fashionable merchant tailor, White's block,
appears in this number of the
BULLETIN. He is a workman of acknowl-
edged skill and taste, and will give entire
satisfaction to all who may favor him
with orders.

Good Health and Long Life.
The two do not always go together, but
they ought to, for it is a sad sight to see
an old gentleman or an aged lady drag-
ging out a painful existence of diseased
debility, and misery. Much misery can
be avoided by elderly people who keep
up the proper proportion off iron in their
blood by taking Brown's Iron Bitters.
This is not a stimulant, but the best and
truest iron tonic in the world.

MESSRS. F. DISTENFELD & SONS, the well-
known carriage makers, have an adver-
tisement in to-day's **BULLETIN**. They
sell only work of their own manufacture,
which they warrant to be first-class in
every respect, and in addition to this
they announce that, the quality of their
work considered, they will enable buyers
to save money on their purchases by giving
them a call. The firm is an honor-
able one and will fulfill all pledges made.

PERSONALS.

Mr. John Dinger, of the First Ward, is
seriously ill.

Mr. and Mrs. James H. Hall, Jr., have
returned from New Orleans.

We are pleased to hear that Mr. J. H.
Rogers, who has been very ill is convales-
cing.

Mr. Garrett S. Wall is visiting her
brother, Dr. James H. Buckner, in Cin-
cinnati.

Miss Sallie Wilson, of Wilson Bottom,
and Miss Katie Ross are visiting Mrs.
Amanda Bridges.

The following is from the Bourbon
News: “Fred W. Bauer, formerly of
Maysville, where he learned the art pre-
servative, has been in this office for a
day or two representing the Franklin
Type Foundry as press machinist, putting
our new Campbell press into operation,
tearing down the old press and shipping it. We can truthfully say that
Fred understands the business in every
minutia, is a rapid workman and highly
deserving young man.”

THE CHURCHES.

Rev. R. B. Garrett will preach at Ab-
erdeen to-morrow afternoon at 3 o'clock.

Services will be held at the Baptist
Church to-morrow morning and evening

The Methodist Episcopal Church in
Sardis, Ky., will observe (to-morrow)
Easter Sunday, as follows: At 11 o'clock
“The King of Glory,” a service of script-
ure and song for Easter tide, containing
popular hymns and new chorals. At
3 o'clock: Easter, happy hour for the
children and young people. Objects and
pictures will be used in this meeting to
enforce and illustrate the truth of the
resurrection. At 7 o'clock sermon by
the pastor, Rev. T. F. Garrett, theme

CONCERNING the Newton Beer Com-
pany which is to present “Only a
Woman's Heart,” at the opera house
next Thursday evening, the 9th instant,
the Philadelphia Enquirer says:

“Only a Woman's Heart,” was produced
last evening before a large and well pleased
audience. It is a combination of serious
drama and rollicking comedy. The
plot is simple, effective, leading up to
strong and exciting situations. Mr. New-
ton as Roger, “a citizen of the world,”
was “sore,” and greatly pleased his audience.
The play is amusing and thrilling, and one
of the best of its kind. The author, Mr.
Fisher was repeatedly called before the curtain
and was complimented on his charming
Hattie Shubert, and the rest of the company
was up to the average excellence.

OUT ON SOUDAN'S SANDS

TAMAI OCCUPIED BY THE BRITISH
AND THE CITY AFIRE.

Another Battle Fought, but an Inconsequential Victory for the English—Complicated Rumors—Dodging a Personal Interview.

LONDON, April 4.—A dispatch from Sutkin gives the following account of the progress of events:

"Gen. Graham occupied the heights above Tamai. During the night the rebels fired upon Tamai. One soldier was killed and three others wounded. Gen. Graham advanced to Tamai and took possession of the spring."

Another dispatch says:

"Hill above Tamai, 7 a. m.—The guards and Bengaluru troops, the marines and the British regiment and the siks will occupy Tamai Monday. The remainder of the forces will follow when the water supply has been secured."

Another dispatch from Gen. Graham gives:

"TAMAI SPANNED, April 3—Noon.—Our forces advanced and occupied the village of Khor. We encountered a slight opposition and found little water, and that of a bad quality. Am going to return with my whole force to the first zeros. Four soldiers were wounded in occupying the village. Of these two belonged to the Australian contingent." A dispatch which was filed at Sutkin at 2 o'clock says:

"Tamai is in flames. The British loss in occupying the place was one killed and six wounded."

Complicated Rumors.

LONDON, April 4.—It is stated with extreme reserve that the relations between the Queen and the Prime Minister, the Russian ambassador in London have assumed a somewhat strained character by his excellency having failed to make his appointment with his lordship personally, in consequence of the difficulty of finding time. It is evident the disposition of Granville is to avoid personal interviews with his excellency at the most critical stage of the negotiations, as it is alleged, it is causing much uneasiness in high circles. The report may possibly be due to Granville's temporary in disposition, which is confusing him to his house.

GRAY INQUIRIES.

PARIS, April 4.—President Gray inspects. De stevenet, undertaking the task of forming the cabinet, notwithstanding the opposition of Gambetta.

BECAUSE HE KISSED HER.

Pedro Moran Assailed for Over Indulgence in Smoking Bliss.

BALTIMORE, Md., April 4.—E. Law Rogers, a prominent lawyer of this city, was arrested on a charge of assault and battery preferred against him by Pedro Moran, a well-known medical student. Moran, with the charms of Miss Hardisty, a niece of Mr. Rogers, who is quite a prominent society belle. Miss Hardisty visited Mrs. Gordon, a fashionable boarding house on North Charles street the mother of Moran boarded.

A few days ago while on a visit to the house, Moran induced a colored servant girl to hold Miss Hardisty while he kissed her. When she refused, he struck her. Her parents appealed to her uncle for protection and Mr. Rogers demanded an apology from Moran, which was refused, hence the assault. Mr. Rogers was released on his own recognizance. All the parties concerned are well known in social circles and the affair has created quite a sensation.

DEATH TORTURE TOO SWEET.

The Fury of Hanging a Negro Who Should be Drawn and Quartered.

BALTIMORE, April 4.—Ex-Emmett is in prison in Baltimore county over an outrage committed by Miss Katie Gray by a negro named Howard.

Immediately after her arrival home Miss Gray's father aroused the neighbors and started in pursuit of the ravisher. They tracked him right, but did not catch up, with Cooper and his men running after. Some Bobo.

There they found him in a house occupied by a colored family, but before his capture could be effected he made his escape through the regular window and was lost sight of in the darkness. The police were sent to search for him, well-armed, and informed, and when Cooper is captured he will be hung to the nearest tree. The victim lies in a critical condition. She is a very pretty girl of twenty years of age, and a great favorite in society.

HULBERT'S SUCCESSOR.

B. Roth to be Appointed a Longview Director by the Governor.

CINCINNATI, April 4.—There is a rumor to the effect that B. Roth has been selected by the Hon. H. C. T. to succeed W. P. Hulbert as director of the Cincinnati Academy for the term beginning April 6. Mr. Roth is the ex-director, takes an active interest in all benevolent institutions of this class, and has abundant leisure to attend to the duties of his office, which he will discharge with the greatest care.

Mr. Hulbert, the retiring director and present president, has been the warmest advocate of the close communion board sessions so obnoxious to the public at large, and often commented on and opposed by the press.

A STATE CAUSE MEET.

NEW YORK, N. Y., April 4.—A meeting of representative canoists from the principal cities of the state was held here to perfect arrangements for the meet of the American canoe association in May next. It was decided that the meet would be held in the Hudson River at Ronks, three miles south of Mowhawk. Over 100 canoists from all parts of the country will attend. The encampment will continue for several days.

Ben Franklin's Kite string.

NEW HAVEN, Conn., April 4.—Among articles recently given to the New Haven colony historical society is a piece of the kite string used by Ben Franklin in the flight which Benjamin Franklin flew in 1800, and through which he brought the electricity from the clouds. It was apparently lined twist through which passed a fine copper wire. Its authenticity is vouched for. It has been in possession of the donor for fifty years.
